## OVER-NIGHT FEDERAL WIRELESS To the Advertiser

Sir Edward Carson, leader of the  
Irish Unionists, is now engaged in  
reviewing the volunteers at various  
places in Antrim. Speaking of a  
demonstration at Antrim Castle  
against Home Rule he pointed to  
General Sir George Richardson, who  
holds the post of "General Officer,  
Commanding the Volunteers," and  
said:

"We have our general on the plat-  
form. The radical press is expres-  
sing some emotion at having this  
great general among us. I now tell  
the government that we have more.  
We have the pledges of some of the  
great generals in the army that they  
will come over and help us keep the  
old flag flying when the time ar-  
rives."

Charles M. Schwab of the Bethle-  
hem Steel Company sailed on the  
Hamburg-American liner Imperator,  
making a flying trip on behalf of his  
Chilean ore interests. He said he  
would return on the same ship. "Our  
company eventually will have fifteen  
steamers of 15,000 tons burden each,  
running along the west coast and  
through the Panama canal," he said.

Nils Florman, who claims to be a  
Swedish nobleman, and who was il-  
luded two years ago by Miss Helena  
Stalls, now the Princess Murat and  
believed with her sister, Laura, to be  
the entire estate of their grandfather,  
Alex McDonald, the Standard Oil  
magnate, has transferred his affec-  
tions to the sister of his former  
fiancee.

Bunau Varilla, former Panama  
minister to the United States, in an  
interview given out last night at San  
Francisco, announced that the open-  
ing of the Panama canal will mark  
the beginning of a new era for the  
western world and predicts that the  
business of the big waterway will  
grow more rapidly than it can be  
handled.

It will soon be necessary, he says,  
to widen the canal to six hundred  
feet and within the next twenty  
years the locks will be too small to  
accommodate the ships that are to  
be built in the future. This, he said,  
will make it necessary for the United  
States government to carry out its  
original plan of making the canal a  
sea level stream.

Governor Sulzer has broken the  
alliance which he has maintained  
since his impeachment trial began,  
and declared today that he had no  
intention of resigning and would fight  
the battle to the last ditch.

"Resign!" he ejaculated. "I have  
no more idea of doing that than I  
have of committing har-kari."  
"I have been advised by my coun-  
sel not to make any statement or do  
any talking," he said, "but I have got  
to have my way in one thing. I am  
not going to resign, and I have never  
thought of doing so. The stories that  
are circulated are for political effect,  
and no one knows their utter falsity  
better than their authors."

The doors of the city hall were  
thrown open this morning, and all  
day thousands of New York citizens  
viewed the remains of the late Mayor  
Gaynor. The public funeral takes  
place tomorrow.

Friends of Senator Penrose today  
came forward with the statement that  
the Pennsylvania senator, who has  
been played so unmercifully by Colonel  
Roosevelt, is now willing to accept  
Roosevelt as a candidate for the pre-  
sidency in 1916.

The announcement is made that not  
only Penrose, but Barnes of New  
York, Crane of Massachusetts and  
others of the Republican leaders favor  
such plans. In Roosevelt they think  
they see the candidate able to bring  
the Republican party back into power.

The London banking firm of Pear-  
son & Sons has just secured a forty  
years' valuable concession from the  
United States of Colombia whereby  
the Pearsons have the right to ex-  
plore virgin territory that is known  
to contain valuable petroleum and  
mineral deposits.

The Pearsons obligate themselves  
to spend at least \$100,000 a year for  
the next five years in exploration work.

Mlle Polaire, formerly claiming the  
distinction of being the ugliest woman  
in the world, arrived at New York to-  
day from Paris. The French actress  
was the source of much curiosity on  
the voyage chiefly owing to her habit  
of wearing a large pearl nose ring.

Willie Ritchie and his manager,  
Harry Foley, will leave on Wednes-  
day next for New York, where the  
champion has been matched to box  
ten rounds with Leach Cross next month.

Princess Kawananakoa, who has ar-  
rived from Honolulu with her three  
children, said today that she is now  
enjoying good health and is almost  
completely recovered from the illness  
which caused her to relinquish many  
social functions last year.

"I am really feeling fine," said the  
princess. "It always does me good  
to come to the mainland. After plac-  
ing the children in school in San  
Francisco I will probably spend a  
couple of months in the east."

Allegations that the government's  
case against the Southern Pacific  
Company for the recovery of oil lands  
said to be valued at hundreds of mil-  
lions of dollars has been "so handled  
by the department of justice as to be  
most advantageous to the Southern  
Pacific Company," is maintained in a  
resolution which Representative  
Charles M. Thompson, Progressive of  
Illinois, announced he would introduce  
in the house. The resolution will de-  
mand a detailed account from Ator-

ney-General McRayolds of the South-  
ern Pacific litigation.

The American-Hawaiian Steamship  
Company has announced its intention  
of taking over the steamship Honolu-  
lulu north-bound. The Honolulu was  
chartered to the Matson Navigation  
Company two years ago and has been  
kept on the run between San Fran-  
cisco and Hawaii.

The vessel is a big carrier, and ow-  
ing to the increase in the business of  
the American-Hawaiian company it  
has been determined to retain the  
ship and not renew the charter.

Arrangements are being made by  
the war department for the shipment  
to Panama of the big guns which are  
to be mounted at the entrances to the  
Canal. The guns for the Pacific forts  
will go first. They are one fourteen-  
inch gun and several six-inch guns.

Angered by the reports of a split in  
his legal staff, Harry K. Thaw today  
took entire charge of the publicity end  
of his battle for liberty and threaten-  
ed to dismiss the first lawyer, secre-  
tary or detective who tells anything  
concerning him.

Announcement has just been made  
in behalf of Major General Nelson A.  
Miles, retired, from his home in West-  
minister of his candidacy for the Re-  
publican nomination for congressman  
in the third congressional district.  
The seat was made vacant by the  
death of Congressman Wilder.

Suddenly abandoning his air of re-  
signation and martyrdom, Hans  
Schmidt, the supposedly mad priest,  
who confessed murdering Anna Aumul-  
ler, declared in the Tombs Saturday  
that he will fight for his life.

For the first time a look of terror  
came into the alleged priest's fea-  
tures at the mention of death.

"If District Attorney Whitman ex-  
pects to get anything out of me he  
will find himself up against a stone  
wall," said Schmidt.

One of the beliefs of Schmidt's dis-  
ordered mind is the doctrine of pain-  
less death for cripples or persons who  
suffer. The police believe that if  
Schmidt had not been arrested he  
would be dealing in wholesale mur-  
der.

Vera Harris, the young girl who is  
believed by the police to be married  
to Dr. Ernest Muret, the New York  
criminal involved with Hans Schmidt,  
was found Saturday.

She is employed in the dressmaking  
department of a big West End estab-  
lishment owned by Bourne & Hollings-  
worth. She has been living under the  
name of Vera Herman recently.

"I believe that I had a narrow es-  
cape from the same fate as Anna  
Aumuller," said the girl. "I fear Dr.  
Muret, and am afraid to say anything  
against him."

Stories of life in the Jonquil apart-  
ments, in Los Angeles, and of the  
mysterious calls of wealthy men, no-  
table among them George Bixby, the  
Long Beach millionaire, and his rela-  
tions with Cleo H. Barker, are sched-  
uled to be unfolded by Marie Brown  
Levy, chum of Miss Barker, when the  
trial of Bixby is resumed in Judge  
Hedgcock's court Monday. Bixby is  
charged with contributing to the de-  
linquency of Miss Barker.

Japan police at the instance of the  
government took forcible possession  
of all newspapers publishing extracts  
from the memoirs of the late Count  
Hayashi, the diplomat, who came near  
arranging an alliance between Japan  
and Germany.

It was feared that an exposure of  
certain passages of the hidden politi-  
cal history of Japan might further in-  
flame the Jingo, who are calling for  
war.

President Huerta on Saturday  
threatened to dissolve congress and  
postpone the national election unless  
the chamber of deputies confirm his  
appointment of Senor Tamariz to the  
ministry of public instruction.

In his message he declared that he  
had reforms in mind for the enlight-  
enment of the Mexican people, and  
felt confident that Tamariz is better  
suited than any other man to carry  
them out.

Only eighteen items of the Tariff  
Bill remain to be settled on by the  
senate and house conferees. Among  
them are the tax on bananas, lead,  
silk, cotton, thread, yarn and cloth,  
countervailing duties on potatoes,  
and wool pulp, and the date on which  
the wool schedule is to be effective.

As the result of court inquiry, Sec-  
retary of the Navy Daniels has ordered  
the court-martial of Capt. Barry  
Field and Lieut. Benjamin J. Barthol-  
omew, of the responsibility for the  
grounding of the battleship Louisiana,  
August 26, off Vera Cruz.

Porter L. Atkinson, one time able  
seaman in the United States Navy,  
today is envious by every enlisted  
man in the service. Atkinson has re-  
ceived his discharge and is appointed  
to take the position of assistant in-  
structor in physical training in the  
naval academy. He will receive a  
salary of \$1000 a year.

Mrs. Marie L. Huntington, wife of  
Willard V. Huntington, and mother of  
John D. Spreckels, Jr., is dead at  
the Hotel Stewart in San Francisco,  
after an illness of several months.  
Mrs. Huntington, whose husband is  
a brother of Henry E. Huntington,  
was fifty-one years of age.

The police of Hamburg cabled to-  
day that they have identified as Ar-  
thur Heibling the man detained in  
New York as "Dr. Ernest Muret" un-  
der suspicion of being concerned with  
Schmidt in counterfeiting operations.  
He disappeared from Hamburg in  
1909, and warrants for swindling are  
pending against him both in Ham-  
burg and Berlin.

Miss Mary Wilson, daughter of the  
secretary of labor, is seriously ill with

and we show in our illus-

appendicitis. An operation has been  
performed, but her recovery is not as  
prompt as the surgeon desires.

Mrs. Annie S. Rennie is a proud  
woman today, for President Wilson  
waived the civil-service regulations to  
appoint her to a one thousand dollar  
position in the state department. She  
is a daughter-in-law of the president's  
former law partner and needed the  
place. The fact of her necessity was  
enough for the president.

Montenegro is getting impatient at  
the delay in fixing definite bounda-  
ries in the Balkans. The government  
today requested the Serbian minister  
to obtain an immediate settlement of  
the frontier question if possible.

Rumors have been current for some  
time that an international commis-  
sion may be appointed by the big  
powers for the purpose of fixing the  
frontier limits. So far it is not ex-  
actly known how much new territory  
will be acquired by Greece, Serbia,  
Montenegro, Bulgaria and Roumania.  
In consequence of the two Balkan  
wars, as no territorial lines have  
been affirmed by Europe.

Maury I. Diggs and F. Drew Ca-  
minetti have decided definitely to  
fight their convictions for white slav-  
ery through the United States cir-  
cuit court of appeals.

"We are hard at work on the pa-  
pers, and will have everything in  
shape for the appeal before the ten  
days' stay of judgment granted by  
Judge Van Fleet expires," said Mar-  
shall Woodworth, one of the attor-  
neys for the defense.

The commitments will be issued  
September 27.

## Home Baking Reduces Cost of Living

THE U. S. Dept. of Agriculture in Experiment Station Bulletin  
No. 142 says that ten cents worth of wheat supplies almost  
three times as much protein and ten times as much energy as  
round steak, and with some other cuts the difference is  
even greater.

If then, one really desires to reduce her weekly meat and grocery  
bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made  
biscuits, muffins, cake and cookies appeared on the table too often? Instead the  
tendency is "to make a meal of them" and the variety is so great that something  
you bake yourself could well be the chief feature of every meal.

## Home Baking is Simplified by the Use of K C Baking Powder

With K C, you can make things moist and rich yet have them  
light and feathery, wholesome and digestible. Biscuits may be mixed  
the night before and baked fresh for breakfast. Muffins need not  
be dry and heavy. You can make a cake so light that you can  
hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powders. It is double  
acting and continues to give off leavening gas until the dough is  
cooked through. K C is sold at a fair price—a large can for 25  
cents. This would be no object if strength and purity were sacri-  
ficed, but every can is fully guaranteed under State and National  
Pure Food laws and to please. We take all the chances. Your  
money back if you do not get better results with K C than any  
baking powder you ever used.

Include a can in your next grocery order, try some of the new  
recipes that appear in this paper from time to time. Then you will  
have gone far toward solving this vexing "Cost of Living" problem.
